

India International Exchange IFSC Limited, also known as the India International Exchange (India INX), is India's first international stock exchange. It was launched as a subsidiary of the Bombay Stock Exchange (BSE). It is located at the International Financial Services Centre, GIFT City.

It was inaugurated by the Prime Minister of India, Narendra Modi, on 9 January 2017. The trading operations began on 16 January 2017. It operates on EUREX T7, an advanced technology platform. India INX claims that it is the world's fastest exchange, with a turn-around time of 4 microseconds. It operates 22 hours a day, six days a week. These timings facilitate international investors and Non-Resident Indians to trade from anywhere across the globe at their preferred time.

History

India International Exchange (India INX) is India's international stock exchange based in IFSC, GIFT City. It was launched by the BSE in January 2017 with the aim of providing a world-class trading platform for international investors.

India INX offers trading in various asset classes, including equities, currencies, and commodities. It operates for 22 hours a day, allowing investors from different time zones to trade at their convenience. The exchange is regulated by the Securities and Exchange Board of India (SEBI) and offers several tax benefits to investors.
