United States Dollar-Indian Rupee (USD-INR)

Euro-Indian Rupee (EUR-INR)

Pound Sterling-Indian Rupee (GBP-INR)

Japanese Yen-Indian Rupee (JPY-INR)

There would be 12 contracts i.e. one for each of the next 12 months in each of the above

currency pair

Outright contracts as well as calendar spread contracts are available in each pair for trading

USE also started trading in USD-INR currency options in 2011 and became the second Indian exchange to trade in currency options

USE has applied for permission to start operating in the debt segment

Membership

All transactions on USE must be carried out through registered members. All non-member participants can access the exchange as clients of members. Membership is therefore granted to market participants with high credibility and an excellent track record. Members will need to meet all requirements prescribed by the Securities Exchange Board of India (SEBI) as also the requirements stipulated by USE itself. This is to ensure that traders are protected against any counterparty risk and also to help develop and build market confidence.

Two types of membership is available with USE

Trading Membership: Trading Member has the privilege of trading on one's own account as well as the accounts of their clients. However, they will not be able to clear and settle these trades. Net worth criteria as per SEBI: ₹1 Crore

Clearing Membership: Clearing Members are entitled to clear and settle trades for all trading members through the Clearing House of USE, ICCL. Net worth criteria as per SEBI: 5 Crore INR for Self Clearing Member and 10 Crore for Professional Clearing Member

USE has more than 400 trading members, more than 50 clearing members and 10 clearing banks. Membership, details available on [Membership Details](#)
