Safety training for journalists and others

Attacks on journalists (including the use of disinformation to harass journalists and put them at increased risk) are increasing worldwide. Safety training is recommended to help people prepare for and respond to such threats.

"How to report safely: Strategies for women journalists & their allies", Knight Center for Journalism in the Americas

"Online Harassment Field Manual", PEN America

"Promoting Journalist Safety""", Foley Foundation (journalist safety curricula)

"Safety and resilience for journalists", National Council for the Training of Journalists

"Surveillance Self-Defense", Electronic Frontier Foundation

"U.S. Journalism School Digital Security Curriculum", Freedom of the Press Foundation

Safety training for Wikipedia editors

The tactics that are used against journalists are also being used against Wikipedia editors.

Disinformation attacks on Wikipedia itself attempt to undermine its credibility.
